Profile Summary

Full Stack Python Developer with experience in designing, developing, and deploying scalable web applications. Proficient in Python, Django, React, and SQL with strong knowledge of REST APIs, Git/GitHub, and Agile methodologies. Passionate about delivering clean, efficient, and maintainable code while collaborating with cross-functional teams to drive innovative solutions.

Technical Skills

Backend: Python, Django, Flask, REST APIs

Frontend: React, JavaScript, HTML, CSS, Bootstrap

Database: SQL (MySQL, PostgreSQL)

Tools & Others: Git/GitHub, Agile/Scrum, Deployment, Cloud (AWS basics)

Education

Higher Secondary (Plus Two), NHSS Nanminda — 2020 - 2021

Bachelor's Degree, [Your College Name] — [Year of Graduation]

Experience

Intern — ICT

- Assisted in IT-related operations, gaining exposure to technology fundamentals.
- Supported software troubleshooting and contributed to small-scale automation tasks.

Python Full Stack Intern — Luminar Technolab

- Developed full stack applications using Python, Django, React, and SQL.
- Implemented REST APIs for backend communication and optimized database queries.
- Collaborated in Agile sprints and used Git/GitHub for version control and project management.

Business Executive Intern — Talrop (June 2025 - July 2025)

- Coordinated business operations and improved client communication strategies.
- Worked with cross-functional teams to align technical and business objectives.

Projects

Kurious Chef - Recipe Finder

- Built a recipe discovery platform with advanced filtering options.
- Designed frontend using React and implemented backend with Python and Django.
- Integrated SQL database and REST APIs for data storage and retrieval.

E-Commerce Website

- Developed a scalable shopping platform with product management, authentication, and payment integration.
- Utilized Django REST Framework for backend APIs and React for frontend UI.
- Implemented shopping cart, order history, and secure payment gateways.

Job Portal Website

- Designed and implemented a job portal for service providers and customers.
- Integrated features such as user profiles, reviews, and location-based search.
- Ensured responsive UI using Bootstrap and React with a Django backend.

Community Involvement

IEEE Secretary at AWHEC (2022 - 2023)
